

ST EDMUND'S SCHOOL

CANTERBURY

LOWER AND UPPER SCHOOL SPORTS DAYS

Sports days are a good opportunity for the children to showcase a multitude of skills and good team work in front of their peers, teachers and parents. This year was no exception as the competition between the Houses vying for glory, produced great excitement and impressive athletic displays from all of the children taking part.

Egged on by an enthusiastic crowd, the Lower School athletes negotiated the 8 activities set out to test their different skill sets. This was followed by some exciting sprint races, culminating in the relays, which are always an enjoyable conclusion to an afternoon of athletics. There were numerous stand out performances from the competitors.

With the final scores being tallied up, Marlowe finished 4th, Chaucer 3rd and Roper 2nd, which meant that Becket finished in top spot.

The Upper school sports day consisted of the traditional track and field events. This provides a great opportunity for all the children to take part and find their niche. Once again, urged on by great support the 4 Houses were well represented, with competition bringing out the best in the pupils. Kanade Mitsuhashi (Victor Ludorum) and Dolly Parsons (Victrix Ludorum) were the stand out athletes on the day. Becket finished once again as the victors followed by Chaucer, Roper and Marlowe.
