

ST EDMUND'S SCHOOL

CANTERBURY

U11B AND C GIRLS' NETBALL

The U11B team have had a mixed term of results but the thing that has remained constant has been their desire to win and improve. The girls have been determined to improve their footwork and as the term has progressed, they have learnt to vary their passes during matches to help them work around their oppositions. The team have linked well when attacking with Niamh Davis and Alice Florence working hard to get the ball Isabella Rowley and Clemmie Andrews, who have become competent shooters. Josie Weed, Sancy Carthew, Eliana Rogers-Bricout and Beaulieu Burden have worked hard together in defence, with Josie and Beaulieu learning how to jump effectively when defending.

The U11C team have also played matches. They have worked together very well as a team and have improved as the term has progressed. Mya Pettman, Alexa Power, Grace Harvey and Penny Beck-Evans have worked hard on their shooting. Emma Sharp-Kinsey became an effective defender with Mae McKean and Olivia Davison, who tried hard to prevent the opposition shooting. Lucy Sutton, playing centre, worked tirelessly to keep the team linked together.

Both teams have played with great spirit and have been proud to represent the school.
