CANTERBURY

U13 GIRLS' HOCKEY

The season started with great anticipation for a full term of fixtures - something we haven't enjoyed for a while.

The U13A team were away for their first game of the season and beat King's School Rochester 1-0 in a fantastically competitive game. The next two matches were very tough games; they lost heavily to Junior King's School and also Wellesley House. The girls didn't let the defeat affect them in the following weeks as they beat Duke of York's 8-0, drew 3-3 with Northbourne, beat Dover College 5-1 and drew 5-5 with Duke of York's.

After such a positive run of results, it was a shame the team ended the season with two losses when they played King's School Rochester and Junior King's School at home.

Megan Garton was outstanding in goal, Olivia Wright was superb in defence, Bea Alexander and Amber Wilkinson were fantastic up front for the team. The girls' enthusiasm and determination got them through the tough times this season and they can be very proud of their successes along the way.
